Music has the power to heal the mind and body. Music acts on the autonomic nervous system, changing heartbeat and blood pressure, and has effects such as excitement, sedation, and relaxation. It also activates emotions, perceptions, and cognition. In particular, the gentle sound of the flute can relax and heal the mind. We chose two beautiful pieces that match the flute. Feel free to join while eating lunch. Please come to Student Hall.

Please come directly to the Student Hall (Daigaku-Kaikan). If you would like to reserve a seat, please contact sgp8739310@ml.kanazawa-u.ac.jp by 17:00 on Monday, July 25th. The subject of the email should be "Summer Concert." Please email us with your student ID and name.
