Where should I receive the urine collecting container.

If you are a new academic student, please pick it up at the General Education Academic Affairs Section.
For other students, please pick it up at the student office in your respective affiliation.

Q

I lost my urine collecting container. what should I do?

A

Please inform your student affairs office or the Health Service Center that you have lost your urine test container.
We will give you a urine test container.

Q

I got my period on the day of the health checkup. Or I'm about to get my period. What should I do?

A

Please do not collect urine during your period, immediately before your period, or within four days after your period.
Please submit it later (during the re-examination period : 5/13-5/31).

Q

When will the health checkup certificate be issued?

A

You can receive the health checkup certification from the automatic issuing machine approximately two weeks after the health checkup.
However, if there are any unexamined or re-examined items, it cannot be issued automatically.
If it is not output, please contact the Health Service Center.

Q

I am planning to undergo the health checkup at work.
Do I also need to take the Kanazawa university health checkup?

A

If you take a health checkup at work in 2024, you will not need to take the health checkup at the Kanazawa university health checkup.
Please write your student ID number on the result of your workplace health checkup or a copy of it and submit it to your student affairs office.
However, a health checkup certificate cannot be issued.

Q

Where can I check the results of my health checkup?

A

You can check your health checkup results on the Acanthus Portal.
You may have the test result printed. **However, it cannot be used as a health checkup certificate because it does not have a doctor's seal.**

Q

I could not take the health checkup this year, but I need a health checkup certificate. What should I do?

A

If you require a health checkup certificate, please undergo a health checkup at an external medical institution and have a health certificate issued.

In this case, you will be responsible for paying the costs yourself.

Q

What should I do if I do not want to undergo a chest X-ray examination?

A

Please get in touch with the Health Service Center.

However, suppose you do not undergo a chest X-ray examination, In that case, we cannot issue a health checkup certificate.
